TECHNICAL SKILLS

Programming Languages: Javascript, C++, C, C#, Java, Python, HTML, CSS, SQL (Postgresql)

Web Development: React, Express, Prisma

Game Development: Unity, Raylib

Other Tools: Git, Github, Vscode, IntelliJ

TECHNICAL PROJECTS

Personal Website

- Developed a personal portfolio website featuring a mini game using React. Here you can find a full list of my technical projects

Pocket Surf

- Co-Developed a mobile surfing game for IOS and Android using the game engine Unity in C#

Rotten Potatoes

- Developed a movie review website to practice full stack development. Used React for the front-end and Postgresql and Express for the back-end

EXPERIENCE

Equipment Maintenance Technician | *Google via Astreya* | Irvine, CA (July/2024 - Present)

- Provide IT support to employees, troubleshooting and resolving hardware, software, and connectivity issues.
- Configure and issue Mac, gWindows, and gLinux devices for Google employees, ensuring seamless integration into the work environment.
- Maintain an accurate inventory of company assets including computers, phones, and monitors, utilizing asset management tools to track devices.
- Administer device returns and securely wipe all data, adhering to company policies.

Surf Instructor | *Green Wave Surf School* | San Clemente, CA (Sep/2019 - Aug/2023)

- Delivered surf lessons to charter school students, teaching the fundamentals of surfing and fostering improvement.
- Conducted ocean awareness sessions, educating students on wave dynamics, tides, and environmental conservation.

Facilities Engineer | *United States Coast Guard* | St. Petersburg, FL (Apr/2015 - Apr/2019)

- Performed routine preventive maintenance to ensure that machines continued to run smoothly, building systems operated efficiently, and the physical condition of buildings did not deteriorate.
- Assisted in several renovation projects including multiple outdoor patio areas, a pool house recreation area and several restrooms in the base facilities.
- Single handedly maintained the daily pool chemical balance and cleanliness for a 135,000 gallon pool ensuring it was operational year round for Coast Guard training.
